TO SCALE GLACIERS IN THE FAR NORTH

for Midsummer Outing in Alaska.

Special to The Tribuno WASHINGTON, April 3 -A large party of Senutors, Representatives and private individuals interested in the commercial progress of the great Northwest are arranging to take an extended trip through Alaska, the Klondike and Nome districts, rounding out the unique journey by spending the Fourth of July on the bleak

spending the Fourth of July on the bleak shores of northern Siberia.

It-is probable that this will be the largest exclusively sight-seeing aggregation which has ever invaded Uncle Sam's territery. It is understood the number who have already signified their intention to go approximates nearly 100. Special trains are to be chartered for the transcontinental trip, and special steamers and trains will conduct the purry from Seattle to Skagway, over the world-famous White Pass, down the Yukon to Dawson, and the rest of the land of the midnight sun.

Will Celebrate Fourth in Siberia.

Will Celebrate Fourth in Siberia.

The Idea of visiting Siberia on the Fourth of July and disturbing that virgin atmosphere with the din of American firecrackers and a chorus of "E pluribus unum," is the happy thought of one of the members, who believed some opportunity should be given the statesmen and other officials of the Government who contemplate the trip to display their proscribed patriotism.

Through the courtesy of Count Cassini and the good offices of the Russian Embassy in Washington, the party has been given assurances that each member will receive a special passport, permitting the landing at East Cape, on the western shore of the Behring sea.

The party will cover all of the ground visited by the Senate Committee on Territories under Senator Dilinghim last sommer, but, in addition, will include much of Alaska which that former Senatorial aggregation overlooked.

St. Louis the Starting Point.

St. Louis the Starting Point.

If the present arrangements are carried out, the party will start from St.

Louis on May 18th, although some of the members have signified their intention to full in line along the route from St.

Louis to Seattle. The special train will go almost due west to Denver, Colorado Springs and Salt Lake City to San Francisco. While in Sacramento the members of the party will be received by Governor Pardee. A week will be spent in southern California and the start made from Seattle in the early part of June. The party expects to return to the States by August 1st.

by August 1st.

The litherary has been arranged by Mr.
John P. Glun, acting Postoffice Inspector
in charge at New York, who has made
half a dezen trips through the northern
territory, and who has become known in
that part of the country as the "father
of the Alaskan postal service."

TO SAVE YOUNG WOMEN WHO COME FROM COUNTRY

Special to The Tribune.

NEW YORK, April 3.-Plans for the protection of young women lured to the coming exposition in St. Louis are under the consideration of the International Board of the Women's and Young Wom-en's Christian Association in the Young Women's Christian Association building, Breaklyn

Women's Christian Association building. Brooklyn.

Reports which have come from different parts of the country in the last few mouth indicate that an organized effort is being made to induce youing women to go to the exposition and that many of the victims are being deceived by the premise of honest employment.

The international bound plans to protect these girls through its department of travelers aid. Successful work of this kind was done at the Chicago and Buffalo expositions by the local associations of those cities. The international board intends now to make the work its espectial duty. It will employ as many agents at the railroad stations in St. Louis as may be necessary to see that no girl not accompanied by a relative or friend is misdirected when reaching the city. This work will be done in connection with the Christian Association of St. Louis, which has had travelers aid agents at the stations in that city for years.

A home will be opened for "stranded" girls, legal advice provided in cases of deception, and other means of protection employed.

A pencil manufacturer said the other day, as he handed me a hexagonal bit of yellow wood: "That is the finest pencil made in the whole world. It is the 'Koh-I-noor' and it comes from Austria." "Do you mean to confess that your pencils are inferior?" "To that, yes. We have tried in vain to imitate it. I hate to acknowledge it, but the fact speaks for itself." Try a Koh-I-noor.

TIME TO GET BUSY.

Spring Flowers Not Slower Than Some Business Men.

When a great legion of conference visitors flock to Salt Lake for the an-nual April gathering it is a signal to business men that the year's season of competition is here and it is time for them to bestir themselves for the busi-ness struggle. If they are located in an old building, where the fixtures and an old building, where the fixtures and equipment are ancient and out of date, their first move will be to secure convenient offices in some beautifully and perfectly new structure like the new Security Trust building, recently completed by McGurrin & Co., investment bankers, in the midst of the bustle and enterprise of the most conspicuous business district. The offices are fitted up with an idea for the great convenience and pleasing appearance, and there are a few left in the new building that are still available.
